Meeting notes - April 5th

Team 1:

- A lot of text
- Fix the images ratio
- Good comments about the trands graph
- They are going to work on the translation and the mobile version

Team 2:

- They implemented a map
- Customer doesn't want a UofR group
- The customer doesn't want the unfriend button
- The map is not very convencing, the customer could like the Google Map feature at the homepage
- Delete the UofR gorup
- Instead of Research Interests as groups they could put 2024 CEEA Workshop

Team 3

- The customer is comfortable for the customer
- Clean things up
- Ready for the next week

Team 4

- Remove the bilingual flags
- The research group can be confusing for the customer
- The hand touching the robot hand is a little bit scary
- The customer liked the map (GeoMap plugin)
- Move the map to the top

Team 5

- The banner looks like a business
- The logo is very tiny
- Map locations and research interests linking could be good

Team 6 (Our Team - Snap Papers)

- Use a topic that is related to the client in the forum
- Scrap the CEEA website for papers
- Prof. Tim likes the forum idea - Add 2024 CEEA Workshop
- Move the bilingual to the top and make it more prominent
